

TRAVEL OFFER

Prepare for creating your next travel offer or package in the NL Tourism Operator Portal.

Travel offer name : _____

Dates available : _____

Price : _____

Description (500 characters)

Include package highlights and anything that adds value to your package, i.e., locally sourced food, sustainability practices, etc.

Conditions (500 characters)

Include blackout dates, off-season vs. peak rates, second night rates, upgrades, weather dependency, cancellation policy, health & safety, etc.

Every package will automatically have, "Offers are subject to availability. Additional taxes may apply. You may have to pre-book and/or mention the promotion at the time of booking. Please check with the operator for more details." So don't duplicate that in your conditions.

Partners (if applicable)

The portal will allow you to "tag" your partners who have live business listings so that the package will appear under both your business listing and theirs.

If your partner doesn't have a listing, encourage them to create one!

Choose 1 image to add to your offer. You only get one image per package, make it count with a high quality image that best showcases your package. This image will entice visitors to click on your travel offer.

I have chosen 1 image.

I don't have an image.
